*About the speaker:* The speaker is an IT Manager & Teacher with a Masters in Religious Education from the New Orleans Loyola University Extension Program, is scheduled to be ordained a Catholic Deacon in May 2015, has been studying the Shroud since August 2009 and Scripture since he was in 1<sup>st</sup> grade. In early 2009 his good friend Pete Schumacher, who founded the museum with his wife, Susan, asked him to create a webpage ([iSEAM](#)) as an online compliment to this 501-c-3 museum. His study has challenged and changed the trajectory of his life. The museum features a full sized picture of the Shroud of Turin, the only VP8 Image Analyzer on open, interactive display, a tactile model for the sight impaired, among many other features.

*About the talk:* The talk will focus on what we can see on the Shroud in light of Old & New Testament Scripture passages and the author's presentation of his own poem written in 1985.

You are invited to join us for this Holy Week reflection as we prepare ourselves for Christ's resurrection.
