

SHROUD EXHIBIT

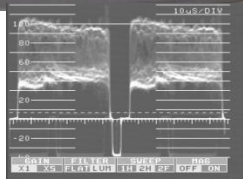

Come See:

Live 3D image and testing as discovered in 1976 leading to the 1978 scientific expeditions.

Come Learn:

How brightness is translated to a 3-D model made of cardboard resulting in 40-persons doing a 120-hour, multi-discipline scientific investigation in 1978.

Gather facts about the Shroud

- Fire of 1191 or before
- Fire of 1532 and Patchwork
- Water stains and theories
- Blood analysis and imaging
- First photographic negative
- Forensic Medical exam results
- Age-dating by pollen studies
- Age-dating by iconography
- Age-dating by carbon dating
- Dating of an anomalous sample
- Preservation & storage methods
- Results of prior studies

- *Do you appear in 3D?

LEARN ABOUT AN HISTORIC STACK OF CARDBOARD YOU WILL NEVER FORGET!

Encounter the Man

Who is this person?
What happened to him?
What does he mean to (Me)?

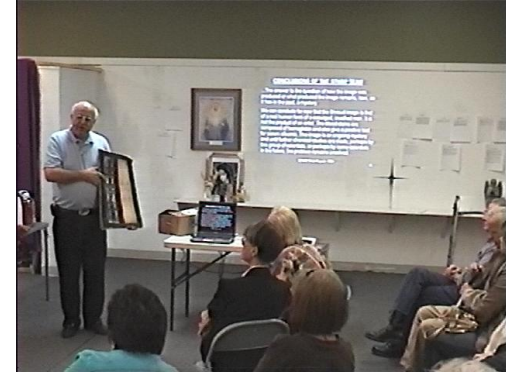

All displays are in English. Some are already in Spanish and German. Braille and touch-art is being made. Presently, talks are in English.

Pete Schumacher met the “Man of the Shroud” in 1976, when delivering a VP-8 Image Analyzer to John Jackson and Eric Jumper, who were scientists with the Air Force Academy. This is when he first saw the **3D image of the “Man of the Shroud”**. He has studied the Shroud ever since.

On special occasions expert guest speakers will be invited to make presentations. Watch for announcements or call our information number.

Schools, church groups, tour groups, and organizations can be scheduled to visit, tour, or use our 288 Sq. ft. multi-media space. Arrangements must be made at least one week in advance. A donation is expected based on needs and the activity planned. Multi-media equipment is available.

Shroud Exhibit And Museum, Inc. displays materials owned by Pete Schumacher and Susan Wagner, its founders.

“We believe the Shroud is a most important holy relic.” ©2009
